Dear [redacted]

STAT

This office has reviewed the shelf lists (list of folder titles) of the National Security Council and the Psychological Strategy Board records held at the Harry S. Truman Library in Independence, Missouri (Reference: Memorandum dated 8 February 1982 from NLT to NND, Subject: Records of NSC and the PSB).

We have no objection to the release of these shelf lists to researchers at the Library. We regret the delay in making our formal response, but we wanted to confirm our initial reaction to the lists by a first-hand review of the situation at the Library. Our review team, which visited the Library from 26 to 30 April 1982, is satisfied that there is no reason to object to the release of the lists within the context in which they are presented.

Sincerely,

STAT

To : NND-Edwin A. Thompson

In accordance with your telephone request and my memorandum to you dated November 10, 1981, we are enclosing a copy of the shelf lists (list of folder titles) that we have prepared for the Records of the National Security Council and the Psychological Strategy Board which we received in June 1981. We would appreciate it if you would forward these lists to the Central Intelligence Agency for their information and examination. Please inform them that if we have not heard from them by April 15, 1982, we will assume that they have no objection to the release of these shelf lists to researchers at the Library.
